ChekaMeds

PARTNER & LICENSING OFFER

Launch a medicine finder in your country, on WhatsApp and USSD.

Patients find which nearby pharmacy has their medicine in stock and reserve it: on WhatsApp from a smartphone, or by dialling a USSD code on any basic phone, with no data or app. Pharmacies get new customers and live stock tools. Proven in Botswana, ready to license.

39
pharmacies live

~26,000
medicine listings

1,346
unfilled requests captured

17-branch
pharmacy group on contract

ChekaMeds Botswana, live operations, 2026.

Choose your channels

Start with WhatsApp. Add USSD to reach every phone.

WhatsApp

INCLUDED

Patients chat with your number, search a medicine, see nearby stock and reserve. Supports photos of prescriptions and voice notes.

Live in 30 days. Meta messaging fees passed through at cost.

USSD (feature phones)

OPTIONAL ADD-ON

Patients dial a short code such as *123#, pick a medicine and area from a menu, and get pharmacy results by SMS. No smartphone, data or app needed.

From US$1,500 setup + US$150 / month per market. Short code and session fees from your mobile operator billed at cost. Live in 6 to 10 weeks.

Web + pharmacy dashboard

INCLUDED

A public web finder for your market, plus a dashboard where pharmacies update stock, scan barcodes and handle reservations.

Your domain on White Label plans.

What your market gets

- **Medicine search** on WhatsApp, USSD and web
- **Pharmacy tools**: barcode scanning, live stock, reservations
- **Analytics**: demand, stock-outs and unfilled requests by area
- **Onboarding**: staff access, training pack, partner support
- **Your brand**, currency, languages and pharmacy network

Who it is for

- Pharmacy chains and franchise groups
- Pharmaceutical distributors and wholesalers
- Medical aid schemes and insurers
- Mobile network operators (USSD and airtime partners)
- Health ministries and digital health companies

Licensing options

Powered by ChekaMeds	Full White Label	Demand Insights add-on
Run ChekaMeds in your country with your branding alongside ours. Start with a 90-day pilot.	Fully your brand: your domain, WhatsApp number, USSD menu and design. ChekaMeds stays invisible.	Monthly reports on unfilled medicine demand, for manufacturers, distributors and ministries.
Pilot setup US$1,000 90 days, up to 20 pharmacies **then US$20 per pharmacy / month**	**Setup from US$4,000** + **annual licence from US$9,000** Includes up to 100 pharmacies	**From US$250 / month** per market

All plans include WhatsApp and the web dashboard. USSD is an optional add-on on any plan. Indicative pricing in USD, excluding taxes. Final quote depends on market size, integrations and support level. Payable by SWIFT or PayPal.

How we launch together

1 Discovery call
Your market, network, channels and goals. 30 minutes, online.

2 90-day pilot
10 to 20 pharmacies in one city, on WhatsApp first.

3 Rollout
Scale nationally, add USSD with your operator, train staff.

Book a 30-minute discovery call
